We're offering ...

True Wilderness Adventure

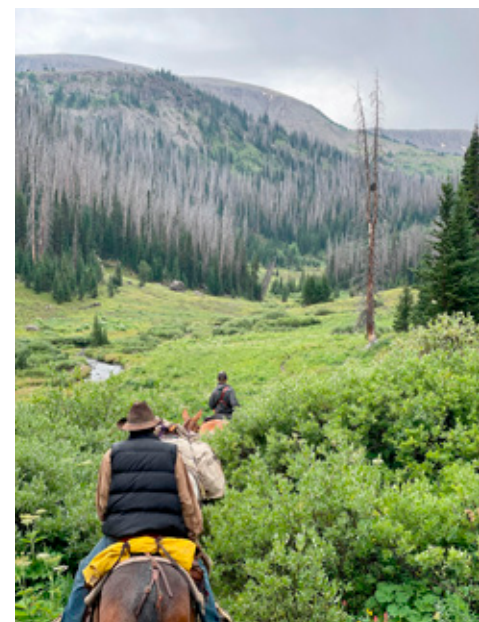

You will be traveling into the most remote, game-rich wilderness there is in the lower 48 states. In addition to being the home of the largest elk herd, this wilderness also holds vast numbers of Big Horn Sheep, Deer, Moose and Black Bear, along with protected species, such as Grizzly Bears and Wolves. It's truly a wild place.

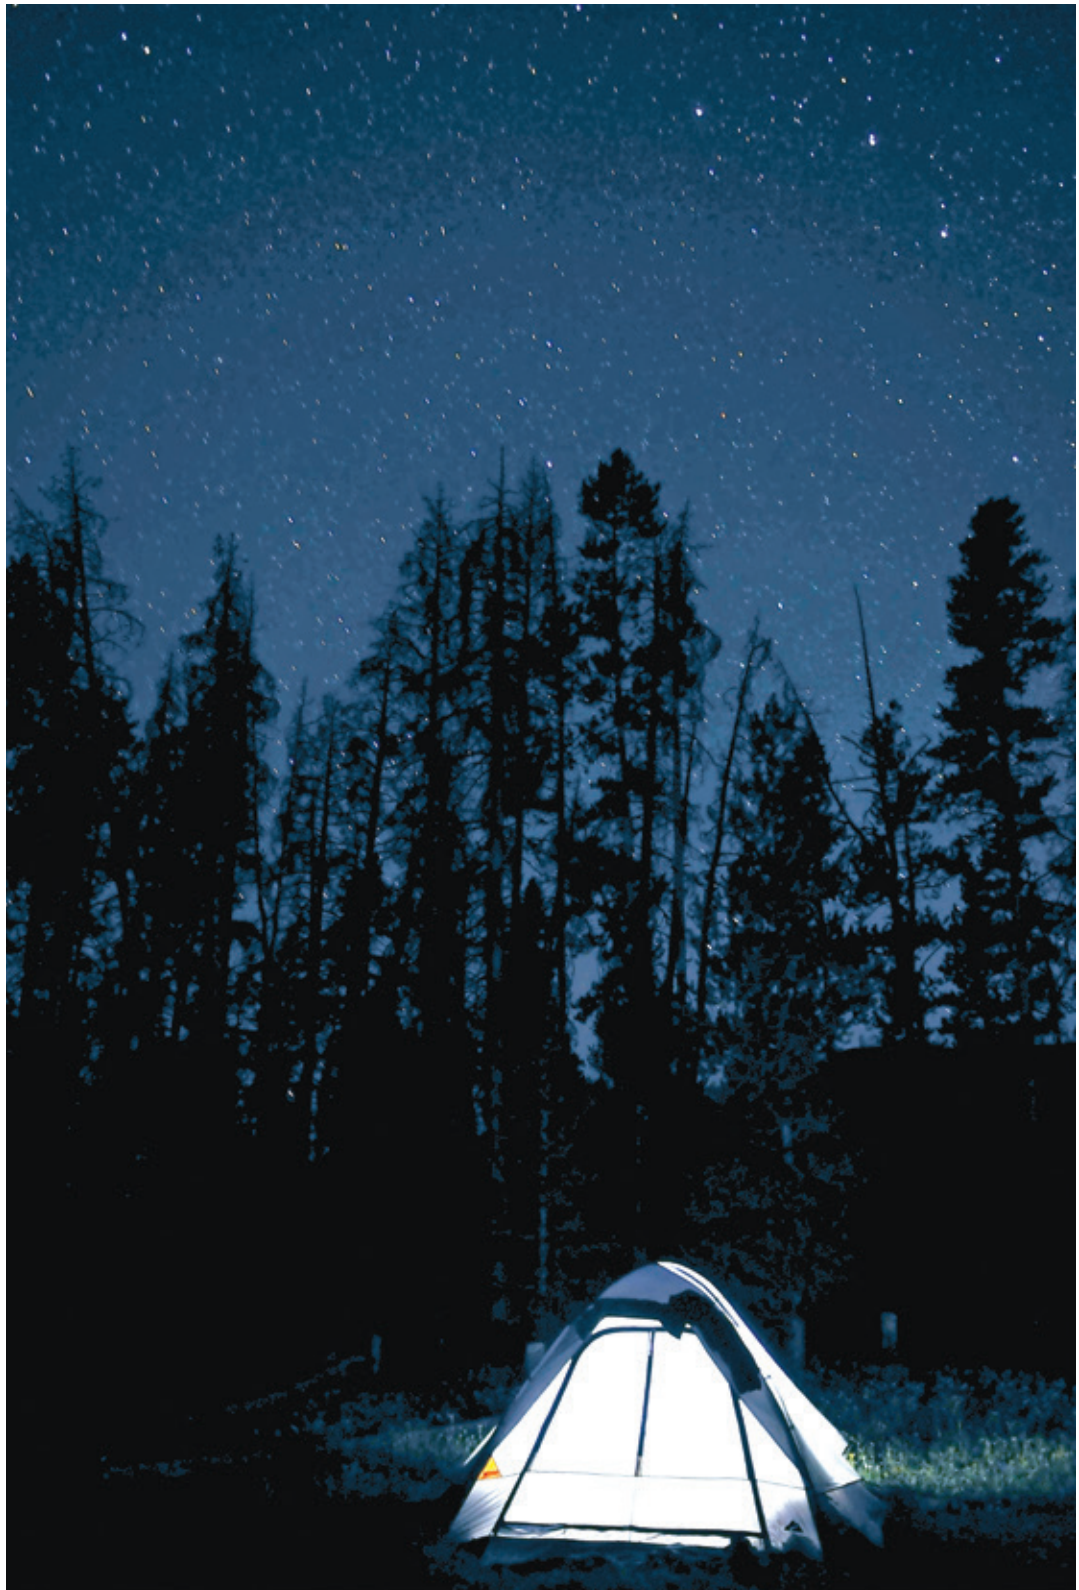

The staff at Hidden Creek Outfitters is second to none. Our guides, wranglers, cooks and camp jacks work around the clock to make sure your trip is a great one.

These are the remote trips you have read about and have seen on TV. Packing in on horseback, sleeping in tents, being in the pristine wilderness with no sign of modern civilization, being one with the country where you can see nature as it lives. The minute you throw your leg over the saddle you will be transformed back to the days of yesteryear.

Remember, most people do not regret the things they have done in life as much as the things they have not. Do not let this happen to you. Join us in the wilderness!

Hidden Creek Outfitters is permitted under the Wyoming State Board of Outfitters and Professional Guides and via special use permit from the United States Forest Service in the Teton Wilderness of the Bridger Teton National Forest and the Shoshone National Forest.
